INDICATORS OF ACHIEVEMENT

Our mob are more secure in their identity, more familiar with their language and culture, more engaged in Taungurung activities and strengthened in their sense of wellbeing.

We are a well-respected first nation group, taking our place in all relevant decision-making forums and with best-practice management of cultural heritage and other land-related interests.

We have a range of viable commercial and social enterprise activities that enhance our economic status. Our corporate structure and capacity are strong and effective.

We are competent and effective in utilising the benefits and fulfilling the responsibilities set out in the Recognition and Settlement Agreement with the State of Victoria.
